Sustainability in Liechtenstein

Report on the implementation of the 2030 Agenda for Sustainable Development
How are we doing with the SDGs?
Success Stories

Liechtenstein is **World Champion in Organic Farming**. More than 38% of agricultural land is farmed organically.
Key initiatives: The «Liechtenstein Initiative»

- Put the financial sector at the heart of global efforts to end modern slavery and human trafficking
- Public-Private Partnership between Governments of Liechtenstein, Australia, Netherlands and private sector actors from Liechtenstein
- Accelerate engagement of the global financial sector to tackle these crimes
- The Commission consists of 25 members with diverse backgrounds
- Presentation of Blueprint during 73rd Session of UNGA
- Multi-stakeholder dissemination and implementation phase
Key initiatives: «Waterfootprint Liechtenstein»

- Simple Principle: Drink tap water. Donate drinking water.
- One Waterfootprint means:
  - One person in Liechtenstein refrains from drinking bottled water
  - Instead, he/she donates 55 Swiss Francs and grants access to safe drinking water to one person in a developing country
- Goal: 38’000 Waterfootprints (currently: 22’000)
- Impact: Avoid plastic waste and reduce emissions
